Sitting Volleyball Tournament

UCO Endeavor Games

Wellness Center

Get your team together now and register to compete in the sitting volleyball tournament taking place within the UCO Endeavor Games for athletes with physical disabilities. Although the Games is meant for athletes with physical disabilities, sitting volleyball is the one competition where **EVERYONE** is welcome to play together. We would encourage you to field a team that includes at least one disabled athlete, but it is not a requirement. In fact, you may even be paired with one of our own resident national team members to serve as player and leader for your team.
